Please check YVT's web site (www.yadtel.com) periodically for changes. Your continued use of the webmail service following the posting of any changes to these Terms & Conditions constitutes acceptance of those changes.

By using the Webmail Service, you also agree to abide by YVT's Acceptable Use Policy, including but not limited to, agreeing not to use this site for any unlawful purpose. The Acceptable Use Policy, which you should review, can be found on www.yadtel.com.

A. DEFINITIONS

1. "Computer" means the personal computer(s) located at Subscriber's location that will be used to access the service. Each computer will need to meet certain minimum hardware and software requirements. Such requirements may be changed from time to time by YVT.
2. "Subscriber" means the account holder, authorized by YVT, to access and use the service.
3. "Service" means a method of exchanging digital messages between people using digital devices such as computers, tablets, and mobile phones.

B. Webmail Service

1. YVT provides Subscribers with 2 email addresses per account at no charge. Additional email addresses may be provided at \$0.99 per address.
2. During registration, YVT will ask you the name or number you want as your email ID. If the ID is already in use, or if YVT cannot accept it for any other reason, you will be asked to enter another. You are solely responsible for all use of your account and for the security of your passwords and any other information that you use to protect your data, network and user access, and any other information you disseminate through use of the service or through other Internet services.
3. Any email box that is inactive for six consecutive months will be deleted. Any email in an inactive email box is probably spam and will be deleted without inspection along with the email box. Once deleted, the email address associated with the email box will be deleted and become available for assignment to other Subscribers.
4. An email box is inactive if it has not been checked in 6 months and does not have an email forward associated with it. If you intend to keep a mailbox active you may do so by retrieving email from within the email box at least once every six months.
5. YVT is not responsible for any loss of any kind because of the deletion of email boxes or the email inside. If your email box is deleted for inactivity, you may contact Customer Service at 336-463-5022 to have the email box reinstated if the email address is still available. You must call within 14 days of the deletion to request reinstatement.
6. YVT knows the importance of securing its network and subscribers from network threats and annoyances. YVT has implemented GreyMail to filter subscriber's incoming emails and quarantine any messages that may be perceived as a threat. Subscribers may access and control whether these messages are kept or discarded. Subscribers may forward any message deemed safe to their inbox. GreyMail may be viewed for 14 days. After 14 days, it is deleted. GreyMail is accessible by logging into Webmail or by going to the MyAccount login at apps.yadtel.net. Please remember, though, that delivery of email can never be guaranteed. We have no obligation to ensure that every piece of email sent to you will be delivered. If you believe you have not received an email that was sent to you, please ask the sender to try again.

C. GENERAL

1. You are responsible for confidentiality of all email account logins and passwords. YVT will suspend access or change access to your email account immediately upon notification by the subscriber that a password has been lost, stolen or otherwise compromised. You must notify YVT within 24 hours of discovering any unauthorized use of your email account.
